

**CONCEPT**

AXION Desk is an excellent product for POP / POS campaigns. It comes with an easily transportable bag that is 120x46x12cm in size and weighs only 13kg. One person can inflate the two tubes within 5 minutes resulting in a great desk with a solid top and bottom. Inflatable tubes are air sealed, and a permanent fan is not needed after inflation. You have the flexibility to place two shelves in between the inflatable tubes, as well as, add a white or RGB light to illuminate it from the inside. The entire surface area of the desk can be printed in full color dye sublimation upon demand.

		straight desk	bended desk
width "X"	(cm)	120	120
