

CONCEPT

AXION | CHILLOUT is a set of inflatable furniture, containing a single chair, a double chair and a table. Our goal was to make an inflatable furniture, which is really comfortable, so people may relax there for hours. On the other hand we wished to meet budget limits of clients, not willing to spend too much for inflatable furniture. And of course we focused to bring a new design to the market. The result of our development is a great combination of all above.

AXION Chillout is a perfect event solution.

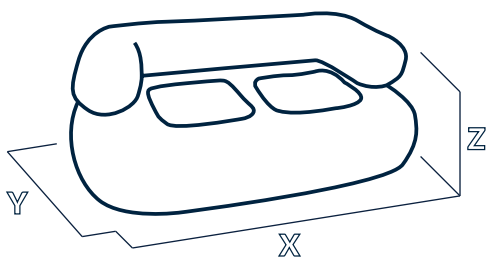

It is possible to order in white color and it is nice to use it just as it is, without additional costs.

Those who would wish to put a branding on it, may combine dye sublimation printed „sock“ on the back support tube, seat mattresses or both.

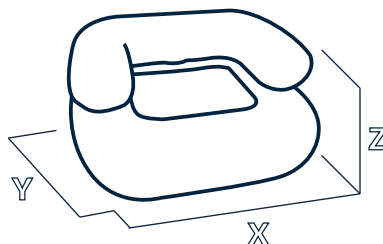

The sock is attached with zippers, so the different one may be used for each event.

A table may be equipped with an acrylic glass board, UV printed on the bottom side.

		single chair	double chair	square table
width "X"	(cm)	130	182	87
	(ft)	4'31"	5'11"	2'10"
